

## SELECTED BIBLIOGRAPHY

### THYMOSIN ALPHA 1 USE IN HEPATITIS

#### **HEPATITIS B:**

##### **Nonclinical Studies:**

1. Gerin, J., et al. (1992) *A preliminary report of a controlled study of thymosin alpha 1 in the woodchuck model of hepadnavirus infection*. *Advances in Experimental Medical Biology* **312**: p. 121-123.
2. Tennant, B., et al. (1993) *Treatment of chronic woodchuck hepatitis virus infection with thymosin alpha 1*. *Antiviral Research* **20**, Supplement 1, Abstract 224.
3. Colledge D., et al. (1997) *Antiviral effect of thymosin alpha 1 versus leucocytic interferon in primary cultures of duck hepatocytes persistently infected with duck HBV in vitro*. Second International Conference on Therapies for Viral Hepatitis, Abstract 015.
4. Gramenzi, et al. (2005) *In vitro effect of thymosin alpha 1 and interferon alpha on Th1 and Th2 cytokine synthesis in patients with HBEAg-negative chronic hepatitis B*. Hepatology AASLD Abstract 66609.

##### **Clinical Studies:**

5. Mutchnick, M., et al. (1991) *Thymosin treatment of chronic hepatitis B: a placebo-controlled pilot trial*. *Hepatology* **14**: 409-415.
6. Rezakovic, I., et al. (1992) *Thymosin alpha 1 versus alpha 2 interferon treatment of HBsAg, HBeAb, HBV-DNA positive chronic active hepatitis*. *Hepatology* **16**: 67A.
7. Mutchnick, M. et al. (1992) *Thymosin: an innovative approach to the treatment of chronic hepatitis B*, in, *Combination Therapies*. Goldstein, AL and Goldstein, E, editors. Plenum Publishing Corp: New York, 149-156.
8. Mutchnick, M., et al. (1993) *Sustained response to thymosin therapy in patients with chronic active hepatitis B*. *Combination Therapies* **2**: 217-223.
9. Mutchnick, M., et al. (1994) *Prospectives on the treatment of chronic hepatitis B and chronic hepatitis C with thymic peptides and antiviral agents*. *Antiviral Research* **24**: 245-257.

10. Hassanien, T., et al. (1994) *Thymosin a1 treatment before liver transplantation in a patient with chronic HBV*. Hepatology, AASLD Abstract 1036.
11. Mutchnick, M., et al. (1995) *Thymosin alpha 1 treatment of chronic hepatitis B: A multicenter, randomized, placebo-controlled double blind study*. Gastroenterology **108**: 1127.
12. Fung, J. and Rakela, J. (1995) *The evaluation of the safety and efficacy of thymosin a1 (thymalfasin) in the cirrhotic decompensated chronic hepatitis b patient*. Hepatology and Liver Transplantation Conference at University of Pittsburg Medical Center.
13. Andreone, P., et al. (1996). *A randomized controlled trial of thymosin alpha 1 versus interferon alpha treatment in patients with hepatitis B e antigen antibody - and hepatitis B virus DNA-positive chronic hepatitis B*. Hepatology **24**: 774-777.
14. Rasi, G., et al. (1996) *Combination low-dose lymphoblastoid interferon and thymosin alpha 1 therapy in the treatment of chronic hepatitis B*. Journal of Viral Hepatitis **3**: 191-196.
15. Naylor, P.H., et al. (1996) *Comparison of two HBV-DNA hybridization assays of sera from patients completing a clinical trial of thymosin alpha 1 in chronic hepatitis B*. Gastroenterology **110**.
16. Lu, Z. M., et al. (1997) *A comparative trial of thymosin alone and thymosin plus alpha interferon in the treatment of Chinese patients with chronic hepatitis B*. Hepatology **26**, AASLD abstract 1192.
17. Fang, B.F., et al. (1997) *A pilot trial of thymosin alpha 1 for the treatment of chronic hepatitis B*. Hepatology **26**, AASLD abstract 1503.
18. Min, Z.L. and Bin, G. (1997) *Serum levels hepatitis B virus DNA in patients with chronic hepatitis B treated with thymosin alpha 1*. Hepatology **26**, AASLD abstract 1733.
19. Wang, B.E., et al. (1997) *Treatment of chronic hepatitis B with thymosin alpha 1: experience in China*. Hepatology **26**, AASLD abstract 1990.
20. Tang, J-H., et al. (1998) *Emergence of an S gene mutant during thymosin alpha 1 therapy in a patient with chronic hepatitis B*. Journal of Infectious Diseases **178**: 866-869.
21. Chien, R., et al. (1998) *Efficacy of thymosin a1 in patients with chronic hepatitis B: a randomized, controlled trial*. Hepatology **27**: 1383-1387.

22. Leung, Y.K. and So, T. (1998) *Treatment of chronic hepatitis B using thymosin alpha 1 and a combination of two nucleoside analogs, lamivudine and famciclovir.* Hepatology, AASLD Abstract 215.
23. Lau, G.K.K., et al. (1998) *A twenty-six weeks trial of thymosin a1 plus famciclovir in the treatment of Chinese immune tolerant adult patients with chronic hepatitis.* Hepatology, AASLD Abstract 216.
24. Gao, T., et al. (1998) *Thymosin Alpha 1 treatment for severe chronic hepatitis (SCH).* Hepatology, AASLD Abstract 687.
